Germ in

Her System

Every Woman Should Read
This Advice and the Gen-
erous Offer That Goes
With It

The number of diseases peculiar to women
is such that I believe this space would hardly
contain a mere mention of their names, and it
is a fact that most of these diseases are of a
catarrhal nature. A woman cannot be well if
there is a trace of catarrh in her system.

Some women think there is no help for them.
I positively declare this to be a mistaken idea.
I am sure of this that I offer to supply
medicines absolutely free of all cost in every
instance where it feels to give satisfaction, or
does not substantiate my claims. With this
understanding, no woman should hesitate to
believe my honesty of purpose, or hesitate to
put my claims to a test.

There is only one way to overcome catarrh
That way is through the blood. You may use
all the aunts, douches or like remedies for
years without getting more than temporary
relief at best. Catarrh in general is a diseased
condition of the system that shows locally
most frequently in discharges from mucous
membranes. Local treatment should be as-
sisted by internal treatment for the general
diseased condition if a complete cure is to be
reached. That internal treatment should be
scientifically devised and faithfully adminis-
tered.

Rexall Muc-Tone is scientifically prepared
from the prescription of an eminent physician
who for thirty years made catarrh his specialty.
This remedy is admirably adapted to the treat-
ment of the catarrhal ailments of women. It
purifies and enriches the blood, tends to stop
mucous discharges, aids in removing impurities
from the system, soothes, heals and strength-
ens the mucous passages, and brings about a
feeling of health and strength.

I want you to try Rexall Muc-Tone on my
guarantee. If you are not benefited, or for
any reason not satisfied, simply tell me and I
will send back your money. Rexall Muc-Tone
comes in two sizes, 50 cents and \$1. Remem-
ber you can obtain Rexall Remedies in May-
sville only at my store—The Rexall Store.

Flemingsburg Times-Democrat. You are about
right, too, Uncle Hiram.

Gage marks 30.0 and falling.

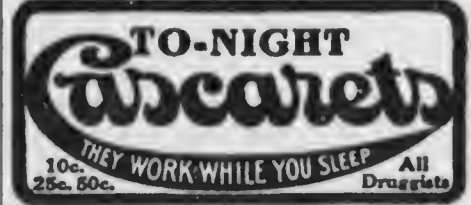

The steamer Queen City will leave Pittsburgh
this afternoon for New Orleans on her
annual Mardi Gras trip.

There is a scarcity of ship building material
at Pittsburgh and the building concerns around
headwaters depend on getting most of their
lumber from the South. Nearly every towboat
that returns from a Southern cruise brings at
least several barges of lumber back up the
river.

Henry C. Hallaway, the well and favorably
known Purser of the Green Line Packet Com-
pany, and for some time with a berth on the
steamer Greenwood, has severed his connection
with the Company for an extended leave of
absence, and will spend part of the time in
Texas.

Captain William D. Kimble, who has for
several years been with the Pittsburgh and
Cincinnati Packet Company, has been ap-
pointed to the position of Manager of the
Huntington Incline Wharf and Storage Com-
pany, the position carrying with it an excellent
salary.

The Joe B. Williams has gone South from
Louisville with thirty-eight boats of coal, a
larger tow than the Sprague, the largest tow-
boat in the world, took down. The Williams
is considered one of the best towboats in the
United States and she has little difficulty in
handling and delivering her tows.

PARIS FLOODS RECEDING.

PARIS, FRANCE, Jan. 29th.—
It was officially stated at 1
o'clock this morning that the
river Seine here was stationary
and that its tributaries contin-
ued to fall.

The water has begun to fall
in all of the affluents of the
Seine above Paris, but the
passage through the city is elog-
ged by bridges and an immense
accumulation of drift and the
seething waters hourly are
spreading over new acres.

The loss and suffering are
appalling. Contributions from
the American Red Cross will
be accepted and collections im-
mediately taken.

ROOT JUICE SCIENTIST MAY COME HERE

Many Local People Are
Sending Him Invitations
to Come

There are many people here that are very
much interested in the great health creating
discovery that seems to have made so many
remarkable cures in and around Fort Wayne,
Ind. Consequently many people are writing
to the scientist and inviting him to come to
this point and start a demonstration. "Where
there is so much smoke there must be some
fire," and as so many people of Fort Wayne
and other points are so enthusiastic in praising
the Root Juice remedy it certainly must be
a remarkable health-producing agent. Scores
of those who have used the remedy claim that
it soon removes all soreness from the stomach
and bowels, and so strengthens the liver and
kidneys that good digestion and secretion is
certain. Then such troubles as catarrh of
the stomach and bowels, indigestion, constipa-
tion, rheumatism, various kidney complaints,
and most of the troubles common to women
cease to exist as the cause is removed. Scores
of people who were cured by the great rem-
edy are so thankful that they are publishing it
to the world. It is hoped the scientist can be
induced to arrange with one of our local drugg-
ists to demonstrate his great remedy to the
people of this point.

ARTISTIC WORK OF A MAYSVILLE GIRL.

Miss Lisle D. Collins, a talented Maysville
girl and the handsome daughter of Mr. and
Mrs. O. E. Collins of Sparta, Tenn, former
residents of Maysville, where all were popular,
has on display and for sale at Kackley's store,
a series of post cards of her own designs and
her own drawings, showing "The Maysville
Girl" and "The Maysville High School Girl".
The cards are beautifully executed, are very
original and artistic examples and show fin-
ished and high-class talent. It is always pleas-
ing to note, day by day, that (excuse the ex-
pression) "The Girl From Maysville" is neck
and neck with "The Man From Maysville" in
the free-for-all race for the prizes which [des-
tiny and opportunity offer to all the sons and
daughters alike of our noble and beautiful
city. The designs we have seen would do
credit to the creator of "The Gibson Girl"
himself and shows that "The Maysville Girl" is
a type of the classic mold and is worthy of
being limned by her artist sisters' brush and
pen.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment
or Profit by a Maysville Citizen's
Experience.

Something new is an experiment.
Must be proved to be as represented.
The statement of a manufacturer is not con-
vincing proof of merit.

But the endorsement of friends is.
Now supposing you had a bad back.
A lame, Weak or Aching one.
Would you experiment on it?
You will read of many so-called cures.
Endorsed by strangers from far-away places.
It's different when the endorsement comes
from home.

Easy to prove local testimony.

Home endorsement is the proof that backs
every box of Doan's Kidney Pills.

Dead this case:
J. M. Lloyd, farmer, R. F. D. No. 5, Mays-

ville, Ky., says:

"I am only too pleased to tell of my ex-
perience with Doan's Kidney Pills and hope
that it will be the means of helping some other
sufferers from kidney trouble in finding relief.
About five years ago my kidneys suddenly be-
came disordered and for several months I was
bothered by constant, dull pains across my
back. When I stooped or lifted, sharp twinges
shot through my body and caused the most in-
tolerable suffering. I at length heard of Doan's
Kidney Pills, procured a box at J. J. Wood &
Son's Drugstore and began using them. They
effected a complete cure, and since then I
have not had headache or any other symptom
of kidney trouble."

Wednesday will be the Feast of Purification,

commonly called Candlemas Day, because on that day the candles used in Catholic churches in the Masses throughout the year are blessed. The candles used in the Mass must be of pure beeswax which is symbolical of the pure man-

brilliant flame points to His Divinity, the taper His human nature and the wax itself denotes His virginal person. The Feast always occurs on February 2d, forty days after Christmas, and is of very ancient observance.

Maysville's New Colored High School Building Adds New Dignity to Educational Work

An Enduring Structure, Up-to-Date, and a Credit to Our City

Every person in the city of Maysville should feel proud and gratified over the completion, occupancy and dedication of the splendid new High School Building, which was reared by our progressive Board of Education as an enduring monument to the higher and better education of the colored children of our city.

The building, which is now occupied by Principal Humphrey and his Assistants, is open to inspection to all our citizens. It is reasonable to say that no city of the size of Maysville can boast of a more substantial or a more completely equipped Colored High School Building.

Last night's dedicatory exercises at Scott's M. E. Church was somewhat in the nature of an educational feast, Hon. R. A. Cochran, Secretary of the Board of Education, presiding. Superintendent J. W. Bradner of the City Schools was there and the Board of Education was represented by S. P. Browning, Charles J. Collins, Harry A. Richardson, John T. Smith, A. L. Merz and W. Holton Key.

The program was as follows: Chorus, "America"—High School. Prayer—Rev. J. D. Walker. Chorus, "The Star Spangled Banner"—High School.

Short Talks—Rev. Broadus and Dr. Drans. Solo—Mrs. Letitia Henderson. Remarks—Prof. Humphrey and Superintendent Bradner.

Solo—Miss Nora H. Ward. Dedicatory Address—Prof. W. H. Clarke, Frankfort, Ky.

Chorus, "My Old Kentucky Home"—High School. Benediction—Rev. Walter R. Scott.

The interior of the Church was prettily and appropriately decorated and the exercises highly enjoyable from every standpoint. Every feature was worthy of mention, especially the remarks of Chairman Cochran, Prof. Bradner and Rev. Broadus and Rev. Drane.

The address of Prof. W. H. Clarke of the State Colored Normal School at Frankfort was not only the feature of the evening, but was one of the most pleasing, satisfactory and eloquent ever delivered in Maysville. Prof. Clarke is a credit to the colored race and his speech was a revelation to the big gathering in Scott's Church last night.

WILLIAM H. HUMPHREY, A. B., A. M.

It was indeed an hour of honest and well-earned triumph for W. H. Humphrey, who in his brief, but intelligent and feeling address, sounded words of warning and wisdom to the children of his race and paid a high tribute to the white people for the aid, co-operation and guidance extended to the colored children of Maysville, and to the Board of Education and the tax-payers in general for their noble liberality in erecting such a complete and splendid structure to the cause of Negro education.

Mr. Humphrey began as Janitor of an insignificant school building and has worked his way up to the Principalship of a \$12,000 modern High School Building.

He has the Degrees of A. B. and A. M. from Berea College and took a post-graduate course at Harvard. He is a self-made Maysville colored boy whom we are proud to honor.

The new Maysville Colored High School is such an improvement over the old frame structure that the Principal and teachers have already perceived a remarkable effect in the results obtained from the scholars. The school discipline and system are now so much easier and superior to handle over the old methods and the results are so much more satisfactory that the scholars appear like a new generation of girls and boys.

It is plainly evident that our colored scholars are keeping pace with the progress of our

SOFTNESS OF SEALSKIN.

Is Equalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

white schools. To see some of the practical work done by the colored pupils one would soon agree that what they need now are domestic science and manual training departments.

The Colored High School is managed strictly on the graded and merit systems, and all redounded to the credit of our able Superintendent, J. W. Bradner, the Colored High School Principal, W. H. Humphrey, and the Maysville Board of Education.

Colored High School—Principal, W. H. Humphrey; First Assistant, Miss Nannie Wood; Second Assistant, Miss Frances Whaley; Third Assistant, Miss Frances Strawder.

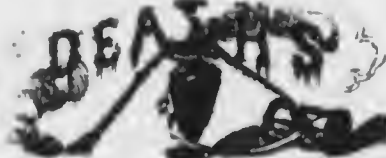

Fifth Ward—Mrs. L. D. Henderson.

The new building, which stands where the first free Colored School was opened in Maysville, on a commanding site on the hill in East Fifth street, is of stone and brick, two stories and basement, with slate roof. There are five recitation rooms, modern steam heat, sanitary toilet rooms, and it has the best light, heat and ventilation systems. Its total cost is \$12,000.

Architect, Weber Bros., Cincinnati; Contractors, Harding & Simons of Maysville. W. H. Frederick superintended the construction, which is enough to say that all the work was well done. The concrete paving and the grading around the building, when completed, will add to its beauty and practical efficiency. Portraits of Washington, Lincoln, Fred Douglass and Booker Washington adorn the school rooms and all attest the patriotic taste and purpose of both teachers and pupils.

Reserved seats on sale at Williams' Drugstore for Rogers-Griffey Recital.

Senator Paynter called at the White House Friday. He remained but a short time. He said it was "personal business."

ELEANOR O'DONNELL.

Little Eleanor O'Donnell, the second daughter of the late Joseph O'Donnell, died last afternoon at 2:30 o'clock at the home of her grandmother, Mrs. Eunice O'Donnell, in Bridge street, of exhaustion, after a ten days' illness with diphtheria, aged six years. The devoted and solicitous attention of loved ones, together with the skill and science of physician and trained nurse, were as naught in the struggle for life, and the little human flower withered and passed away at the hour above noted.

The funeral took place this morning at 9 o'clock from the house. Interment alongside of father and mother in Washington Cemetery.

MRS. NANCY WALKER.

Mrs. Nancy Walker died Thursday night at her home near Ewing, with general debility and infirmities incident to old age, in her 80th year.

Funeral this afternoon at 2 o'clock from residence of Mr. Charles Lee Talbert, with services by Rev. Chatterton of Lewisburg. Interment in nearby Cemetery.

MRS. THOMAS HEPLIN.

Mrs. Thomas Heplin died last night at 12 o'clock at her home near Orangeburg, with pneumonia, aged about 50 years. She leaves a husband and several children.

Burley Tobacco Society Awards Big Printing Contract to Lexington Office

Augusta Chronicle.

It will no doubt be pleasing news to the many country newspapers over the White Burley Tobacco District, who have been "boosting" the Burley Tobacco Society and its officials to the skies, to learn that the Executive Committee has contracted with a Lexington office for the printing for the entire District.

In the future, all the printing for the various counties will be done at Lexington.

Of course, the officials will advance the argument that they can have the printing done cheaper in this manner, but The Chronicle ventures the opinion that it will cost 20% more, but of course this is immaterial, as the farmer "pays the freight."

Lexington, notwithstanding its loose leaf warehouses and its heretofore violent opposition to the growers' organization, seems to be getting all the plums.

GOLDSBORO

HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treated me for many distressing symptoms," writes Mrs. Etta A. Smith, "but gave me no relief."

"I suffered with neuralgia around the heart and was troubled at times with my head. I had pain in my left side, bowels, left thigh, shoulders and arms."

"After taking Cardui, I am now well and can recommend it to other suffering women."

Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic.

It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens.

Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming.

Your druggist keeps it.

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail, and I find that Cascarets relieve more in a day than all the others I have taken would in a year."
